Quick Tips:

- If you bring your own flooring...make sure it is clean and very professional.
- For a professional look...please do not use electrical tape over the carpet, use double Sided low adhesive tape under the carpet.
- Size the carpet accurately...not too big...not too small.

Table Skirts: all tables must be professionally skirted, the tables provided by the show include skirting. Skirting must be provided for all exposed areas of the table. Skirting must go from the edge of the table to the floor. All skirting must be pressed and neat,

Signs/Banners: all signs and banners must be professionally prepared. No handwritten signs are allowed.

- Hang banner up prior to show time – helps get the wrinkles out!

Crates/cartons: no empty crates or cartons should be stored in your exhibit area. Remove these prior to show opening.

Please do not eat in your booth. Instead, please use our exhibitor lounge area located on the second floor between both rinks

### **Exhibit Enhancing Ideas**

Highlight all new products and all “hot” products in your exhibit. Utilize Special lighting or unique signage.

Live plants, greenery, silk flowers or fresh flowers liven up displays, soften the edges and welcome consumers.

Take a good look at your staff. Do they represent your company well? Think about a unified look such as a company shirt or hat or color. Make sure your staff does not eat in the booth or read the newspaper in the booth. They represent you!

Examine everything that is part of your exhibit. If anything is tired, tattered, worn, out of date or ratty... consider replacing it!
